# 38/400 WHITE SMOOTH STRAIGHT PP CAP / PS LINER

Nominal finish compatibility is only the first screen; thread profile, land geometry, torque, and liner compression decide sealing. Appropriate markets can include cosmetics, personal care, wellness, supplements, household, and specialty products. The development value of Part 137860, the 38/400 White Smooth Straight PP Cap / PS Liner, lies in how its stated attributes guide component pairing and positioning. Confirm thread fit, torque, liner performance, leakage resistance, and opening behavior on production containers.

**SKU:** 137860 | **Categories:** Caps, Non-Dispensing Caps, Plastic Caps, Smooth White PP Caps |
