15/415 WHITE UREA X TALL CAP F217

Tall and decorative profiles can improve presence while adding leverage that makes torque control more noticeable to users. Appropriate markets can include prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. For a production-intent package, the 15/415 White Urea X Tall Cap F217 (Part 132360) offers a defined compression-molded closure rather than a generic starting point. Confirm thread fit, torque, liner performance, leakage resistance, and opening behavior on production containers.

SKU: 132360 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
