1 OZ 38/400 WIDE MOUTH EMERALD PET JAR

The 38/400 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. The commercial value of this jar packaging format depends on disciplined component integration. Product teams may consider it for skin-care creams, body butter, hair treatments, wellness powders, and supplements. Commercial approval should reflect filled-package testing under realistic processing and distribution conditions. The objective is a package that feels intentional at every point of use.
