28/410 SMOOTH BLACK SNAPTOP DISPENSING PP CAP

Even on the same neck finish, liner thickness and thread engagement can materially change seal performance. Potential uses include cosmetics, personal care, wellness, supplements, household, and specialty products. For a production-intent package, the 28/410 Smooth Black Snaptop Dispensing PP Cap (Part 130940) offers a defined packaging closure rather than a generic starting point. Final approval should follow closure-fit testing, seal evaluation, decoration review, and shipping trials.

SKU: 130940 | **Categories:** Caps, Dispensing Caps, Plastic Caps, Plastic Snaptop Caps |
