15/415 WHITE UREA ECLIPSE CAP F217

The 15/415 White Urea Eclipse Cap F217 (Part 132310) gives brands a concrete compression-molded closure for balancing usability, manufacturing, and shelf communication. Use filled-package trials to qualify fit, liner compression, leakage, and repeated opening performance. Tall and decorative profiles can improve presence while adding leverage that makes torque control more noticeable to users. Its application range extends to prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging.

SKU: 132310 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
