2 OZ 24/410 ROYALTY ROUND WHITE HDPE BOTTLE

The 2 oz 24/410 Royalty Round White HDPE Bottle, PackagingBuyer Part 108920, gives product teams a clearly specified bottle packaging format for commercial development. Production-intent samples should be filled, sealed, decorated, and distribution-tested before commercialization. The 24/410 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Product teams may consider it for cosmetics, personal care, wellness, supplements, household, and specialty products.
