2 OZ 58/400 LOW PROFILE EMERALD PET JAR

Part 119030 should be judged on technical fit, line performance, and the finished user experience. Evaluate the complete package for compatibility, panel behavior, top load, labeling, and filling efficiency. At this smaller scale, fill accuracy and decoration tolerances can have an outsized effect on perceived quality. It may fit briefs involving skin-care creams, body butter, hair treatments, wellness powders, and supplements. Good component decisions here can prevent costly changes during scale-up.
