24/410 LOTION PUMP SMOOTH WHITE

The 24/410 Lotion Pump Smooth White (Part 126470) gives brands a concrete lotion dispensing pump for balancing usability, manufacturing, and shelf communication. The format can serve lotions, liquid soaps, shampoos, conditioners, and salon care. Actuation feel is part of perceived quality, but dependable recovery and clean shutoff protect the experience over time. Test the actual formula for output, priming, leakage, actuation feel, and distribution durability.
