24/410 SMOOTH BLACK PRESSTOP DISPENSING CAP PP

For a production-intent package, the 24/410 Smooth Black Presstop Dispensing Cap PP (Part 130350) offers a defined disc-top dispensing closure rather than a generic starting point. Confirm thread fit, torque, liner performance, leakage resistance, and opening behavior on production containers. Hinge durability and thumb force matter because convenience declines quickly when repeated opening feels inconsistent. Appropriate markets can include shampoo, conditioner, lotion, cleanser, gel, and sun care.

SKU: 130350 | **Categories:** Caps, Dispensing Caps, Plastic Caps, Plastic Presstop Caps |
