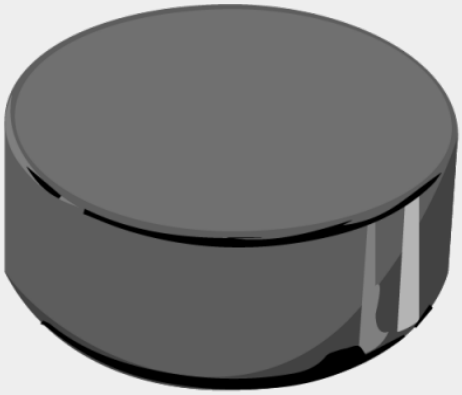
33/400 GOLD METALIZED X TALL CAP F217



Product developers comparing compression-molded closure options can use Part 135360, the 33/400 Gold Metalized X Tall Cap F217, as a focused candidate for qualification. Phenolic rigidity supports a precise feel, but liner selection and torque remain central to reliable sealing. Final approval should follow closure-fit testing, seal evaluation, decoration review, and shipping trials. Product teams may consider it for prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging.

SKU: 135360 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
