1/4 OZ 33/400 REGULAR WALL STRAIGHT BASE NATURAL PP JAR

Part 119350 should be judged on technical fit, line performance, and the finished user experience. Its application range extends to skin-care creams, body butter, hair treatments, wellness powders, and supplements. Sidewall geometry should be judged for label laydown, panel resistance, and how cleanly users can recover product. Production-intent samples should be filled, sealed, decorated, and distribution-tested before commercialization. The best result will balance line efficiency with intuitive consumer use.
