1/4 OZ 33/400 RENOIR CLEAR GLASS JAR

The 33/400 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Product teams may consider it for skin-care creams, body butter, hair treatments, wellness powders, and supplements. This jar packaging format pairs a defined specification with practical manufacturing and consumer-use considerations. Confirm compatibility, closure fit, decoration adhesion, line handling, storage, and distribution performance. A thoughtful specification gives operations and brand teams the same target.
