

1 OZ 20/410 CYLINDER ROUND WHITE LDPE BOTTLE

A strong shelf silhouette only works commercially when the bottle also handles predictably through filling and packing. The format can serve cosmetics, personal care, wellness, supplements, household, and specialty products. This bottle packaging format pairs a defined specification with practical manufacturing and consumer-use considerations. Final selection should follow formula testing, closure trials, decoration review, and line qualification. The objective is a package that feels intentional at every point of use.
