1 OZ 53/400 DOUBLE WALL STRAIGHT BASE WHITE PP JAR

It may fit briefs involving skin-care creams, body butter, hair treatments, wellness powders, and supplements. Wall construction influences hand feel and panel stability, especially with dense creams or hot distribution conditions. This jar packaging format deserves evaluation within the complete product and container system. Final selection should follow formula testing, closure trials, decoration review, and line qualification. This is where practical engineering and brand presentation need to agree.
