10 ML 18/415 SILVIA NAIL POLISH GLASS BOTTLE

This nail-polish bottle pairs a defined specification with practical manufacturing and consumer-use considerations. It may fit briefs involving nail lacquer, treatment, base coat, top coat, and salon programs. A distinctive silhouette should still provide stable handling and reliable brush access near the bottom corners. Final selection should follow formula testing, closure trials, decoration review, and line qualification. The objective is a package that feels intentional at every point of use.
