10 OZ 38/2000 FLINT DECANTER GLASS BOTTLE

When the brief calls for a well-defined jar packaging format, Part 118430, the 10 OZ 38/2000 Flint Decanter Glass Bottle, provides a practical specification to evaluate. Sidewall geometry should be judged for label laydown, panel resistance, and how cleanly users can recover product. Production-intent samples should be filled, sealed, decorated, and distribution-tested before commercialization. Appropriate markets can include skin-care creams, body butter, hair treatments, wellness powders, and supplements.
