# 15/415 GOLD METALZIED BALL CAP F217

For a production-intent package, the 15/415 Gold Metalzied Ball Cap F217 (Part 132130) offers a defined compression-molded closure rather than a generic starting point. It is relevant to prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. A premium cap profile still requires careful review of thread engagement, liner compression, and removal force. Final approval should follow closure-fit testing, seal evaluation, decoration review, and shipping trials.

**SKU:** 132130 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
