15/415 WHITE CHILD RESISTANT DROPPER TIP CAP

The development value of Part 113310, the 15/415 White Child Resistant Dropper Tip Cap, lies in how its stated attributes guide component pairing and positioning. Product teams may consider it for essential oils, liquid supplements, flavors, reagents, and concentrates. The 15/415 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Approve the system only after formula compatibility, functional cycling, and distribution testing are complete.

SKU: 113310 | **Categories:** Dropper Caps, Fitments and Dropper Caps |
