15 ML AIRLESS FROSTED BOTTLE WITH MATTE SILVER PUMP AND HOOD

At this smaller scale, fill accuracy and decoration tolerances can have an outsized effect on perceived quality. Product developers comparing bottle packaging format options can use Part 140690, the 15 ml Airless Frosted Bottle with Matte Silver Pump and Hood, as a focused candidate for qualification. Likely development programs include cosmetics, personal care, wellness, supplements, household, and specialty products. Production-intent samples should be filled, sealed, decorated, and distribution-tested before commercialization.

PRODUCT DESCRIPTION

PackagingBuyer Part 140690, the 15 ml Airless Frosted Bottle with Matte Silver Pump and Hood, gives bulk buyers a clearly identified packaging option. Its airless dispensing format helps limit routine formula exposure while supporting controlled product delivery. Potential applications include cosmetics, skin care, personal care, Health & Beauty, serums, lotions, and treatment formulas. Review the available quantity and listing condition, then confirm product compatibility, closure fit, decoration requirements, and filling-line performance with samples before purchasing volume.
