FOR DETAILS

The 28/410 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Specified as Part 110740, the 16 oz 28/410 Evolution Round White HDPE Bottle brings its key size, finish, material, and color attributes into one development reference. Potential uses include cosmetics, personal care, wellness, supplements, household, and specialty products. Final selection should follow formula testing, closure trials, decoration review, and line qualification.
