FOR DETAILS

Shoulder and base geometry deserve line trials because they influence filling stability, label placement, and residual product. Its application range extends to cosmetics, personal care, wellness, supplements, household, and specialty products. The development value of Part 110970, the 16 oz 28/410 Imperial Round Natural HDPE Bottle, lies in how its stated attributes guide component pairing and positioning. Confirm compatibility, closure fit, decoration adhesion, line handling, storage, and distribution performance.
