16 OZ 82/2040 LUG FLINT SQUAT GLASS JAR

A generous opening improves filling and access, but closure diameter also affects cost, torque, and shelf proportion. This jar packaging format deserves evaluation within the complete product and container system. Likely development programs include preserves, sauces, dry foods, supplements, wellness products, and premium pantry programs. Confirm compatibility, closure fit, decoration adhesion, line handling, storage, and distribution performance. A thoughtful specification gives operations and brand teams the same target.

SKU: 118440 | **Categories:** Food Containers, Glass jars, Jars |
