16 OZ 89/400 REGULAR WALL STRAIGHT BASE WHITE PP JAR

A generous opening improves filling and access, but closure diameter also affects cost, torque, and shelf proportion. This jar packaging format deserves evaluation within the complete product and container system. Its application range extends to skin-care creams, body butter, hair treatments, wellness powders, and supplements. Confirm compatibility, closure fit, decoration adhesion, line handling, storage, and distribution performance. The objective is a package that feels intentional at every point of use.
