18/400 BLACK PHENOLIC CONE LINED (POLYSEAL) CAP

Product teams may consider it for prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. Phenolic rigidity supports a precise feel, but liner selection and torque remain central to reliable sealing. For a production-intent package, the 18/400 Black Phenolic Cone Lined (Polyseal) Cap (Part 132400) offers a defined compression-molded closure rather than a generic starting point. Final approval should follow closure-fit testing, seal evaluation, decoration review, and shipping trials.

SKU: 132400 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
