18/410 WHITE DISPENSING SPOUTED CAP PS-196 VALVE SEAL PP

Part 129790 describes the 18/410 White Dispensing Spouted Cap PS-196 Valve Seal PP, a directional dispensing closure whose commercial value depends on thoughtful component integration. Spout length and orifice size can improve directional control while increasing the need for a clean sealing interface. Confirm thread fit, torque, liner performance, leakage resistance, and opening behavior on production containers. Likely development programs include adhesives, hair color, laboratory liquids, craft products, and specialty chemicals.
