18/415 FINE MIST SPRAYER SHINY GOLD

SKU: 127480 | **Categories:** Fine Mist Sprayers, Metal Overshell Fine Mist Sprayers, Sprayers |

PRODUCT DESCRIPTION

The 18/415 Fine Mist Sprayer Shiny Gold (Part 127480) gives brands a concrete fine-mist sprayer for balancing usability, manufacturing, and shelf communication. The 18/415 designation should be verified dimensionally

because nominal finish names do not guarantee identical sealing behavior. Its application range extends to facial mist, fragrance, hair care, sun care, and aromatherapy. Prototype with the production formula to evaluate flow, user effort, leakage, and repeatability.
