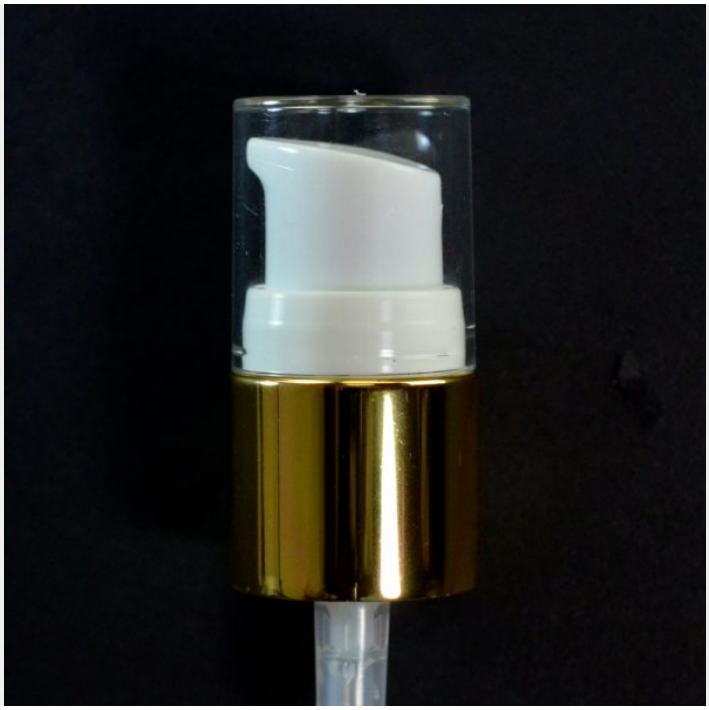
18/415 TREATMENT PUMP SHINY GOLD/WHITE/CLEAR HOOD



For Part 126650, the central question is how the treatment pump behaves in the assembled package. Test the actual formula for output, priming, leakage, actuation feel, and distribution durability. A prestige actuator must still dispense consistently as viscosity and temperature change through the product's life. Likely development programs include serums, facial concentrates, scalp care, and targeted treatments. The best result will balance line efficiency with intuitive consumer use.

SKU: 126650 | **Categories:** Metal Overshell Treatment Pumps, Pumps, Treatment Pumps |

ADDITIONAL INFORMATION

Neck Finish	18/415
Color	Gold
Material	PP/ALUMINUM
Style Shape	Treatment Pump
