18/415 WHITE UERA X TALL CAP F217

Phenolic rigidity supports a precise feel, but liner selection and torque remain central to reliable sealing. For a production-intent package, the 18/415 White Uera X Tall Cap F217 (Part 132720) offers a defined compression-molded closure rather than a generic starting point. Product teams may consider it for prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. Prototype with the intended container and product to verify torque range, sealing, and consumer handling.
