2 OZ 20/410 DRUG OVAL WHITE HDPE BOTTLE

A strong shelf silhouette only works commercially when the bottle also handles predictably through filling and packing. Product teams may consider it for cosmetics, personal care, wellness, supplements, household, and specialty products. The development value of Part 108080, the 2 oz 20/410 Drug Oval White HDPE Bottle, lies in how its stated attributes guide component pairing and positioning. Final selection should follow formula testing, closure trials, decoration review, and line qualification.
