FOR DETAILS

Small dosage targets make prime count, output consistency, actuator feel, and formula recovery especially visible to users. Its application range extends to serums, facial concentrates, scalp care, and targeted treatments. The 20/410 Treatment Pump Smooth White/Natural Hood is listed as Part 127030 and should be considered as part of the complete package, not in isolation. Prototype with the production formula to evaluate flow, user effort, leakage, and repeatability.
