20/410 TREATMENT PUMP WHITE WITH CLEAR HOOD

For Part 127050, the central question is how the treatment pump behaves in the assembled package. Small dosage targets make prime count, output consistency, actuator feel, and formula recovery especially visible to users. Product teams may consider it for serums, facial concentrates, scalp care, and targeted treatments. Prototype with the production formula to evaluate flow, user effort, leakage, and repeatability. Good component decisions here can prevent costly changes during scale-up.

SKU: 127050 | **Categories:** Pumps, Standard Treatment Pumps, Treatment Pumps |

ADDITIONAL INFORMATION

Neck Finish	20/410
Color	White
Material	PP
Style Shape	Standard Treatment Pump
