

20/415 NAIL POLISH CAP FINE RIBBED CAP WHITE

The 20/415 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. The 20/415 Nail Polish Cap Fine Ribbed Cap White is listed as Part 117140 and should be considered as part of the complete package, not in isolation. The format can serve nail lacquer, treatment, color cosmetics, and professional salon programs. Qualification should cover thread engagement, liner compatibility, line application, and expected storage conditions.
