

200 ML 89/400 PRIAM CLEAR GLASS JAR

Wall construction influences hand feel and panel stability, especially with dense creams or hot distribution conditions. Part 118330, the 200 ML 89/400 Priam Clear Glass Jar, addresses both the technical and visual decisions that shape a finished jar packaging format. Its application range extends to skin-care creams, body butter, hair treatments, wellness powders, and supplements. Final selection should follow formula testing, closure trials, decoration review, and line qualification.
