22/400 SMOOTH WHITE SNAPTOP DISPENSING PP CAP

The 22/400 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Product teams may consider it for cosmetics, personal care, wellness, supplements, household, and specialty products. Specified as Part 130800, the 22/400 Smooth White Snaptop Dispensing PP Cap brings its key size, finish, material, and color attributes into one development reference. Use filled-package trials to qualify fit, liner compression, leakage, and repeated opening performance.

SKU: 130800 | **Categories:** Caps, Dispensing Caps, Plastic Caps, Plastic Snaptop Caps |
