22/415 BLACK PHENOLIC PLATEAU CAP F217

It is relevant to prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. Packaging engineers can assess Part 133410, the 22/415 Black Phenolic Plateau Cap F217, against the product, process, and presentation requirements of the program. The 22/415 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Before release, evaluate application torque, seal integrity, removal force, and distribution performance.
