22/415 WHITE UREA DOME CAP F217

The 22/415 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Its application range extends to prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. Part 133630 describes the 22/415 White Urea Dome Cap F217, a compression-molded closure whose commercial value depends on thoughtful component integration. Confirm thread fit, torque, liner performance, leakage resistance, and opening behavior on production containers.

SKU: 133630 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
