24/410 FINE MIST SPRAYER SHINY SILVER/WHITE/CLEAR HOOD

SKU: 128070 | **Categories:** Fine Mist Sprayers, Metal Overshell Fine Mist Sprayers, Sprayers |

PRODUCT DESCRIPTION

For Part 128070, the central question is how the fine-mist sprayer behaves in the assembled package. Likely development programs include facial mist, fragrance, hair care, sun care, and aromatherapy. The 24/410

designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Prototype with the production formula to evaluate flow, user effort, leakage, and repeatability. Good component decisions here can prevent costly changes during scale-up.
