24/410 LOTION PUMP RIBBED BLACK DT 7 1/2"

CONTACT US
FOR DETAILS

Actuation feel is part of perceived quality, but dependable recovery and clean shutoff protect the experience over time. Appropriate markets can include lotions, liquid soaps, shampoos, conditioners, and salon care. This lotion dispensing pump pairs a defined specification with practical manufacturing and consumer-use considerations. Line trials and repeated-use testing should precede final dip-tube, actuator, or fitment specifications. The assembled package should communicate quality before the product is used.

SKU: 126330 | **Categories:** Lotion Dispensing Pumps, Pumps, Standard Lotion Pumps, Standard Ribbed Lotion Pumps |
