24/410 SILVER METALZIED BALL CAP F217

For a production-intent package, the 24/410 Silver Metalzied Ball Cap F217 (Part 133870) offers a defined compression-molded closure rather than a generic starting point. The format can serve prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. The 24/410 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Prototype with the intended container and product to verify torque range, sealing, and consumer handling.

SKU: 133870 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
