24/410 TREATMENT PUMP SHINY SILVER/NATURAL/CLEAR HOOD

A prestige actuator must still dispense consistently as viscosity and temperature change through the product's life. It may fit briefs involving serums, facial concentrates, scalp care, and targeted treatments. Packaging engineers can assess Part 126810, the 24/410 Treatment Pump Shiny Silver/Natural/Clear Hood, against the product, process, and presentation requirements of the program. Test the actual formula for output, priming, leakage, actuation feel, and distribution durability.
