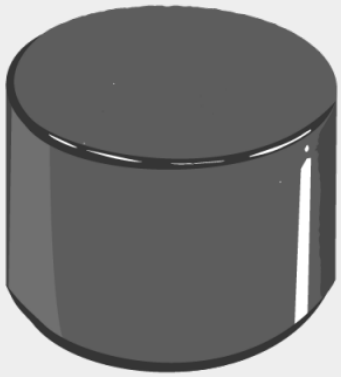
24/415 BLACK PHENOLIC STRAIGHT CAP F217



Part 134060 should be judged on technical fit, line performance, and the finished user experience. Phenolic rigidity supports a precise feel, but liner selection and torque remain central to reliable sealing. It is relevant to prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. Prototype with the intended container and product to verify torque range, sealing, and consumer handling. This keeps sourcing decisions tied to measurable package requirements.

SKU: 134060 | **Categories:** Caps, Compression Molded Caps, Non-Dispensing Caps, Plastic Caps |
