SKU: 127380 | **Categories:** Fine Mist Sprayers, Sprayers, Standard Fine Mist Sprayers |

PRODUCT DESCRIPTION

Plume width and droplet size should suit the use distance; a fine cosmetic mist differs from a targeted spray. It is relevant to facial mist, fragrance, hair care, sun care, and aromatherapy. The commercial value of this fine-

mist sprayer depends on disciplined component integration. Prototype with the production formula to evaluate flow, user effort, leakage, and repeatability. The objective is a package that feels intentional at every point of use.
