PRODUCT DESCRIPTION

For a production-intent package, the 250Ml Clear Teo Tube Tottle 38/400 PET (Part 140680) offers a defined tottle tube rather than a generic starting point. Inverted storage improves readiness, but it also places greater

demand on cap sealing and panel stability. Evaluate the complete package for compatibility, panel behavior, top load, labeling, and filling efficiency. It may fit briefs involving personal care, wellness, supplements, specialty foods, beverages, and household products.
