

28/400 WHITE SMOOTH STRAIGHT PP CAP / UNLINED

Its application range extends to cosmetics, personal care, wellness, supplements, household, and specialty products. Closure appearance should not outrank application torque, removal force, liner choice, and repeated-use behavior. For Part 137810, the central question is how the packaging closure behaves in the assembled package. Final approval should follow closure-fit testing, seal evaluation, decoration review, and shipping trials. Good component decisions here can prevent costly changes during scale-up.

SKU: 137810 | **Categories:** [Caps](#), [Non-Dispensing Caps](#), [Plastic Caps](#), [Smooth White PP Caps](#) |
