# 28/410 LOTION PUMP RIBBED WHITE

The 28/410 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. It is relevant to lotions, liquid soaps, shampoos, conditioners, and salon care. Specified as Part 126460, the 28/410 Lotion Pump Ribbed White brings its key size, finish, material, and color attributes into one development reference. Verify function over the expected use cycle, including storage orientation and shipping conditions.

**SKU:** 126460 | **Categories:** Lotion Dispensing Pumps, Pumps, Standard Lotion Pumps, Standard Ribbed Lotion Pumps |
