28/415 BLACK PHENOLIC X TALL CAP F217

The 28/415 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. It may fit briefs involving prestige beauty, wellness, pharmaceutical, supplement, and specialty-product packaging. Specified as Part 134320, the 28/415 Black Phenolic X Tall Cap F217 brings its key size, finish, material, and color attributes into one development reference. Before release, evaluate application torque, seal integrity, removal force, and distribution performance.
