28/415 SMOOTH BLACK SNAPTOP DISPENSING PP CAP

For a production-intent package, the 28/415 Smooth Black Snaptop Dispensing PP Cap (Part 130980) offers a defined packaging closure rather than a generic starting point. The format can serve cosmetics, personal care, wellness, supplements, household, and specialty products. The 28/415 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. Confirm thread fit, torque, liner performance, leakage resistance, and opening behavior on production containers.
