

3 OZ 58/400 NATURAL THICK WALL STRAIGHT BASE PP JAR

The 58/400 designation should be verified dimensionally because nominal finish names do not guarantee identical sealing behavior. It may fit briefs involving skin-care creams, body butter, hair treatments, wellness powders, and supplements. The commercial value of this jar packaging format depends on disciplined component integration. Confirm compatibility, closure fit, decoration adhesion, line handling, storage, and distribution performance. The assembled package should communicate quality before the product is used.
