33MM WHITE PVC SEALING DISC

Specified as Part 117660, the 33mm white PVC Sealing Disc brings its key size, finish, material, and color attributes into one development reference. Before release, evaluate application torque, seal integrity, removal force, and distribution performance. Seal qualification should address product chemistry, removal experience, storage conditions, and distribution stress. The format can serve cosmetics, personal care, supplements, wellness, household, and laboratory packaging. A thoughtful specification gives operations and brand teams the same target.
