38/400 CT WHITE WHITE METAL CONTINUOUS THREAD CAPS

Likely development programs include cosmetics, personal care, wellness, supplements, household, and specialty products. The 38/400 CT White White Metal Continuous Thread Caps is listed as Part 128660 and should be considered as part of the complete package, not in isolation. Closure appearance should not outrank application torque, removal force, liner choice, and repeated-use behavior. Use filled-package trials to qualify fit, liner compression, leakage, and repeated opening performance.
